Agenda

• Notice of Intention to Retire
• Pension Basics
• Types of Retirement
• Phased Retirement (Including Treatment of Benefits)
• Benefit Plans For Pensioners
• Canada Pension Plan/ Old Age Security Benefits
• Resources Available to You
Retirement Income Sources

• Income in retirement can come from three main sources:
  — Government Programs: CPP, OAS
  — Personal Savings: RRSP’s, cash saving, assets such as property or investment portfolio's
  — Employer Plans: Defined Benefit, Defined Contribution, Group RRSP
Notice of Intention to Retire

- With expanded range of retirement options introduced in 2005, notice of intention to retire is required to facilitate academic planning

- Notice of intention to retire is required at least one year in advance of proposed retirement date

- For retirement on June 30, 2018, notice is required by July 1, 2017

- One year of notice also required to enter into the phased retirement program.

- Notice of intention to retire is irrevocable after 1 month
Pension Basics
Some Key Terms

• Highest Average Salary/Wages

Pension Basics

Plan Formula

1.5% of highest average salary/wages up to Avg. YMPE

+ 2.0% of highest average salary/wages over Avg. YMPE

\[ \times \text{pensionable service} \]

= annual pension

Example—$140,000

1.5% x $53,666 \rightarrow $805 (Avg. YMPE June 30, 2017)

+ 2.0% x ($140,000 – $53,666) \rightarrow $1,726

\[ \times 30 \text{ years} \]

= $75,950 per year*

*excludes first year indexation, CPP, and if applicable OAS benefits
Pension Basics

Survivor Benefits After Retirement
• Form of payment depends on whether participant has a spouse at date of retirement

• For participants without a spouse:
  — Pension payable for lifetime of participant with a guarantee of at least 60 monthly payments

• For participants with a spouse:
  — Pension payable for lifetime of participant, with 60% of the monthly pension continued to that surviving spouse after the participant’s death; continued in equal shares to dependent children, if any, after spouse’s death, or if no spouse
  — No reduction in participant’s pension to pay for the 60% continuation unless spouse is more than 15 years younger
  — Spouse includes legally married spouse or common-law spouse.
Pension Basics

Common Law Spouse:

— Is someone who is not legally married to the Member but who has been living with the Member in a conjugal relationship continuously for a period of at least three (3) years;

or

— is not legally married to the Member but who is living with the Member in a conjugal relationship of some permanence and who, together with the Member, are the natural or adoptive parents of a child, both as defined in the Family Law Act (Ontario)
Pension Basics

Optional Forms of Payment

• For participants without a spouse at date of retirement:
  — 120-month guarantee
  — Participant’s pension “actuarially” reduced to provide for additional guarantee period

• For participants with a spouse at date of retirement:
  — 70%, 80%, 90% or 100% continuation to spouse
  — Participant’s pension “actuarially” reduced to provide for additional continuation above 60% with no material evidence required
  — Participant can waive joint-and-survivor pension and elect guarantee period, however, spousal consent required

• Option forms will show pension amounts under each of the applicable options
Pension Basics

Indexation

• Pension indexed each July 1st by portion of increase in Consumer Price Index (Canada) (CPI); indexation percentage calculated as the greater of two formulas:

<table>
<thead>
<tr>
<th>FORMULA 1</th>
<th>FORMULA 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>75% of increase in CPI up to a maximum CPI of 8% plus 60% of increase in</td>
<td>Increase in CPI - 4%</td>
</tr>
<tr>
<td>CPI over 8%</td>
<td></td>
</tr>
</tbody>
</table>

• Other pension plans with indexation usually start indexation after the participant has been retired at least one year.
• Currently U of T Pension Plan indexes first payment.
  — For retirements on June 30, 2017, pension payment starting July 1, 2017 calculated under Plan formula, then increased by 1.13% indexation (75% of 1.50% increase in CPI Canada for calendar year 2016)
Types of Retirement
Normal Retirement

• Normal Retirement Date (NRD) under Pension Plan is the June 30th coincident with or next following 65th birthday

• Under *Pension Benefits Act*, NRD continues to be required even after elimination of mandatory retirement
Postponed Retirement

• Any December 31st or June 30th following NRD

• Faculty members and librarians who choose to work beyond their NRD are required to continue the full scope of their normal duties

• Pension Plan participation continues if employment continues after NRD; pension benefit continues to grow through:
  — Additional year(s) of pensionable service
  — Increase in highest average salary, subject to salary cap (for 2017 cap is $161,000)

• *Income Tax Act* requires pension benefits to start prior to the end of calendar year of 71st birthday, even if individual continues to be employed. U of T pensions are payable at the start of each month, so pension payments must begin December 1 in the calendar year of 71st birthday.
Early Retirement

Within 10-year period prior to NRD:

• Unreduced Early Retirement for Faculty and Librarians:
  — Eligibility  Any December 31st or June 30th following attainment of age 60 and completion of 10 years of pensionable service
  — Benefit    Pension benefit earned to early retirement date, without reduction for early commencement

• Reduced Early Retirement:
  — If ineligible for unreduced early retirement provision, pension benefit earned to early retirement date is reduced by 5% per year from NRD
Early Retirement

• Lump-Sum Option
  — Participants who leave before NRD can elect to take lump-sum value of their pension earned to the date of their early retirement.
  — Lump-sum value can be transferred to a locked-in retirement account or life income fund subject to limits under ITA; any lump-sum amounts above ITA limits payable in taxable cash
  — Participants taking the lump-sum option can purchase available retiree health and dental benefits at their cost (100%) only if they retire under the Unreduced Early Retirement provisions - December 31st or June 30th with 60+10 and have given 1 years notice.
Phased Retirement

Eligibility

• Applies to full-time faculty members and librarians (replaces semi-retirement provision)

• Start date is any July 1st between the earliest and latest start dates below

• Earliest start date:
  
  the July 1st which is three years prior to
  
  June 30th coincident with or next following attainment of age 60 and completion of 10 years of pensionable service (unreduced early retirement provision)

• Latest start date:
  
  the July 1st which is three years prior to
  
  June 30th of calendar year of 71st birthday
Phased Retirement

Structure

• Phased retirement period is three years, with irrevocable retirement date at end of three-year period

• Cumulative appointment over three-year phased retirement period of at least 150% but not more than 200% of full-time appointment, subject to minimum appointment of 25% in any year

• Research and study leave to be included in total percentage of appointment as 100% full-time for the year of leave.
Phased Retirement

Structure (cont’d)

• Full range of normal pre-program duties as agreed with Chair and proportionate to percentage appointment over three years

• Salary during phased retirement period pro-rated on basis of percentage appointment in each year
Phased Retirement

Treatment of Pension and Benefits

• Continue to earn pension benefits based on full-time appointment; however, participant contributions to Pension Plan will be prorated to their percentage FTE in each year

• Health and Dental benefits, and Joint Membership Plan, continue with full employer subsidy

• Special provisions for life insurance, sick pay and long-term disability (more detail on this later)

• Full Professional Expense Reimbursement allocation during each year of phased retirement period
Phased Retirement

Phased Retirement Supplement
• Phased retirement program includes a supplement equal to 75% of base salary in effect immediately prior to commencement of three year phased retirement

• Three options for payment of this supplement.

• Application for phased retirement needs to include form of payment selected, and cannot be changed once phased retirement period starts.
Phased Retirement

Phased Retirement Supplement Options

- Payable upon retirement as a lump sum Retiring Allowance. Eligible to shelter directly into an RRSP to a maximum of $2,000 per year of service with UofT prior to 1996, plus additional $1,500 for each year of service prior to 1989 when not a member of the Pension Plan. Balance paid as taxable lump sum.

- Payable upon retirement as a lump sum Retiring Allowance to the maximum amount transferable to an RRSP (as calculated above), with balance paid as T4 income in three equal installments at beginning of each year (in July)

- Payable as T4 income in three equal installments at the beginning of each year (in July)
Phased Retirement

Supplement Example

• Phased retirement period: July 1, 2017 to June 30, 2020

• Salary immediately prior to phased retirement: $125,000

• Retiring allowance under phased retirement program: $93,750

• Maximum amount transferable to an RRSP (15 years’ pre-96 service): $30,000
Phased Retirement

Options

- **Option 1**
  - $93,750 payable as Retiring Allowance after June 30, 2020, with $30,000 eligible for transfer to an RRSP on a tax-sheltered basis and balance paid as taxable cash

- **Option 2**
  - $30,000 payable as a Retiring Allowance after June 30, 2020, transferred to an RRSP on a tax-sheltered basis

- **Option 3**
  - $31,250 payable as T4 income in each of July 2017, July 2018 and July 2019
Benefits
More on Benefits

Postponed Retirement (after NRD)
- Basic life insurance (1 times salary up to $125,000) continues after NRD until the earlier of actual retirement date or required pension start date
- Optional life insurance and long-term disability coverage stop at NRD
- Other benefits available to a faculty member or librarian prior to NRD continue until postponed retirement date
- CPP contributions may cease if member is in receipt of CPP benefits and is age 65 or greater
More on Benefits

Phased Retirement
• Life insurance coverage during each year of phased retirement period will be calculated as follows (levels out coverage over three-year period):

\[
\text{Life insurance coverage based on pre-program salary (including optional life insurance prior to NRD)} \times \frac{\text{Cumulative Appointment For Three-Year Period}}{3}
\]
More on Benefits

Phased Retirement (cont’d)

- Sick pay (100% of salary for 15 weeks) calculated on the basis of actual salary to be received during phased retirement period

- Long-term disability benefits (70% of salary – max. salary is now $150,000) payable to earlier of irrevocable retirement date or NRD; calculated as lesser of:
  - 70% of pre-program salary, or
  - 100% of actual salary to be received during phased retirement period

Or, participant could elect to retire under applicable provisions
Benefit Plans for Pensioners

• Benefit plans (extended health care, semi-private hospital, dental care and joint membership plan) provided after retirement to Pension Plan participants retiring from the University and taking an immediate pension (note: for hires after January 1, 2016 must have 10 years’ service at time of retirement to qualify for retiree benefits)

• Same cost-sharing as before retirement

• Separate elections for each of the plans (extended health care, semi-private hospital, and dental care):
  — Pensioners who can demonstrate they have health plan coverage elsewhere can exempt themselves from coverage but join at a later date if they lose that coverage
  — Pensioners who reject health plan coverage have a one-time opportunity on any subsequent July 1st to elect coverage; cannot opt-out after electing coverage
Benefit Plans for Pensioners

• Participants who take an unreduced early retirement on December 31st or June 30th, and who take their pension entitlement in the form of a lump-sum value, can purchase retiree health and dental benefits at the full cost (employer + employee premium).

• Coverage as an active employee continues one month beyond retirement; coverage under pensioner group begins on the 1st day of second month following retirement.

• For retirees living out of the country:
  — No deluxe travel benefits
  — Plan provides for drug coverage, dental provisions, and other eligible services at Ontario rates.
